

Social Justice Committee Report

We are a group of nine committee members who have met fairly regularly since October, 2010 as needs and projects have arisen. Our work has included the planning and coordinating of the following projects:

- The Fall Development & Peace Campaign on bottled water.
- Collecting, sorting and transporting paperback novels for inmates at the Saskatoon Correction Centre for Christmas
- The assembling and distribution of twenty-four Christmas hampers.
- The Share Lent 2011 Development & Peace Campaign
- The Lenten Poverty Meals and Programs
- The Saskatoon City-wide Food Bank Food Drive to be completed on June 4th.

We appreciate the great encouragement, support and help we have received from Fr. Lawrence and Seminarian Daniel Yasinski throughout each initiative. We also gratefully thank all parishioners who have participated in any of these projects by way of donations, time, work, prayers and attendance. Without your help none of this work could be accomplished. We count on your continued support in working for local and global justice, development and peace.
